What would be an important part of this experiment that would use a third set of bees? Explain why the third set of bees would be important?

Proofreading:

Look carefully at each underlined word or phrase. If there is a mistake, make the correction in the space above it. If there is no mistake, write “OK” above the underlined word or phrase.

The 30-word written spelling test and the 15-word vocabulary test went buy
like a breeze. Sure, there was a knot that formed in my stomach as they called
name’s, but I wasn’t suprised to be in.

Summarize the story:
