

# Presto chango – one newspaper becomes four!

You don't have to be a magician to turn one newspaper into four – just donate it to local classrooms while you're on vacation! If you're a home delivery subscriber, each paper you donate equals four papers for students.

As an NIE teacher, you already know the impact of newspapers in the classroom. Using the *Tampa Bay Times* in your curriculum helps students become better readers, develop critical thinking skills and explore the world around them. So donate your home delivery newspaper while you're on vacation, and watch the magic happen!

“We teachers are rather good at magic, you know.”

– Minerva McGonagall,  
*Harry Potter and the Deathly Hallows*

Tampa Bay
