

Kids' Kopy

(2nd Tuesday of each school month)

Educators, sign up today for our 12 page tabloid! It is designed for students in grades K-8, although it is beneficial for any student. In addition to focusing on a different character trait, each month's *Kids' Kopy* will have a science page from the Space Place, a serial story with TEK activities, safe web sites, and much more. Most of the lessons are fun, colorful and have TEKS/TAKS objectives. Also included are innovative tips for teachers and parents.

A 22-paper classroom set costs only \$3.74 per month (17 cents per copy). The papers will be delivered to your school by our newspaper carriers on the dates they are printed, which is the second Tuesday of each school month.

Character traits for the 2009-2010 school year are as follows:
