

Is tell-all author a hero or villain?

Talking Points

1. John Bolton has written a critical tell-all book about his former boss, President Donald Trump. What do these cartoons say about Bolton, Trump and his supporters?
2. The former national security adviser says all Trump's actions were driven by his desire to be reelected. Do you believe Bolton? Why or why not?
3. Should Bolton have testified at the impeachment hearings?
4. Are voters likely to be swayed by Bolton calling Trump "erratic" and "stunningly uninformed"?

Between the lines

"Bolton's staff were asked to testify before the House to Trump's abuses, and did. When Bolton was asked, he refused. Instead, he saved it for a book. Bolton may be an author, but he's no patriot." - Rep. Adam Schiff
