Welcome to the Bay State.

Massachusetts has played a big role in many important events in our country’s history. We often think of the famous harvest feast celebrated in Plymouth, Massachusetts, at Thanksgiving. The New England Church in Boston was the site of the signal that warned Paul Revere that the British were coming. (“One if by land, two if by sea.”) Boston was the site of the signal that warned of the British on April 19, 1775 by YMCA director William Morgan. The first baseball World Series was in Boston, between the Boston Pilgrims and the Pittsburgh Pirates in 1903. The first baseball World Series was in Boston, between the Boston Pilgrims and the Pittsburgh Pirates in 1903.

Patriots (football) and the New England Patriots (football) and the New England Patriots (football) and the New England Patriots (football) and the New England Patriots (football) and the New England Patriots (football) and the New England Patriots (football) and the New England Patriots (football) and the New England Patriots (football) and the New England Patriots (football) and the New England Patriots (football) and the New England Patriots (football) and the New England Patriots (football) and the New England Patriots (football) and the New England Patriots (football) and the New England Patriots (football) and the New England Patriots (football) and the New England Patriots (football) and the New England Patriots (football). The state is known for its symphony orchestras, ballet companies and opera houses, as well as the Boston Symphony Orchestra, Boston Ballet, and the Boston Opera House. There are many other important events in our country’s history. We often think of the famous harvest feast celebrated in Plymouth, Massachusetts, at Thanksgiving. Famous Bay Staters

Four presidents were born in Massachusetts: John Adams, John Quincy Adams, John F. Kennedy and George H.W. Bush. Authors Edgar Allan Poe and Dr. Seuss were both born in Massachusetts.

A wicked good time

Visitors to Massachusetts might want to see the USS Constitution, a three-masted ship of the U.S. Navy launched in 1797, which is now a museum in the Charlestown Navy Yard. The state is known for its symphony orchestras, ballet companies and opera houses, as well as the Boston Symphony Orchestra, Boston Ballet, and the Boston Opera House. The first baseball World Series was in Boston, between the Boston Pilgrims and the Pittsburgh Pirates in 1903.

Mini Fact:

The Nauset Light sits on Cape Cod, a peninsula in the Atlantic Ocean.

Sports

Basketball was invented by James Naismith in 1891 in Springfield. The Basketball Hall of Fame is in that city today.

Education

The oldest public elementary school in the United States, the Mather School, was founded in 1639 in Dorchester. Harvard University in Cambridge is the oldest university in the nation, founded in 1636. The state has many other important schools, including the Massachusetts Institute of Technology.
